

<name>, you are member<#>. Welcome to the latest edition of the CoG Log!

**Thank you:  
CoG work party a huge success!**

Wow! What a turnout. Well over a hundred members came by our new warehouse on Sunday, October 14th and helped whip the place into shape. We vacuumed, mopped, moved shelves and discovered how much fun work can be, especially when working on a common goal. We're now ready for our big vendor day on November 1st, and will start taking orders soon after.

**CoG members:**

If you haven't already, [sign up for your work shift](#) »

As an active member of the CoG, **you must sign-up for a work shift** if you haven't done so already. We've made the process as simple as possible. Simply rank your top three job choices and then select the times you are available to work. **Remember, if you don't work, you can't shop.** [Choose your job today!](#) »

**If you've already signed up:**

Thank you. We'll confirm your work/shift assignment once we've heard from all our members. **Also:** We've added an option for members who want to work their shift with a **partner or a friend**. If you missed this, and want to work at the same time as someone else, please resubmit your survey with that option selected.

**Ways to help in October**

If you couldn't attend our work party, here are other ways you can help out. Just click on a link below to send us an email.

**Coders:** We're using technology to solve some classic co-op challenges. Contact us about working on these cool projects.

**Plumbers:** Help the CoG flow better. We have a couple of jobs in the warehouse: installing a sink and rehabilitating a floor drain.

**Beta testing:** Be the first to shop! Put the store through its paces by ordering from a limited number of items.

**Things you can do on your own:**

**Promote the CoG** by forwarding this email and talking to friends, colleagues, neighbors.

**Download a poster:** print it and hang it at your favorite local hang-outs, or pass it out while trick-or-treating!
