## Growing our selection

Stocking a new grocery is an expensive process. We have worked hard to offer as wide a selection of food and goods as we can afford, while also meeting our sustainability guidelines. By shopping today, you'll **help us identify which of these products are your favorites**. As members begin to shop regularly, we'll be able to bring **more items online each week**.

If you don't see a favorite product, [let us know](#), and we'll do everything we can to get it. When you do see your favorite products, please use the **reviews feature** to tell other members why you love it so much.

## Rules, rules, rules...

Our supplier's regulations require that the CoG's first delivery be held for two weeks. So we're opening the store for a few days to let members do some early Thanksgiving shopping.

**Place your order by 5 pm this Wednesday the 6th and pick it up on Tuesday the 20th.**

**This two-week delay is a one-time issue.** When regular shopping begins in late November, orders will be available the next day.

**The online store is full of good stuff. [Place your order today! »](#)**

*Someday you'll tell your grandkids where you were when the CoG online store opened.  
If you already have grandkids, you can tell them right now!*
